The canning factories in Rumania are working at an most of the meat is sent to the canning factories a	ccelerated pace. Since

- been caused throughout Rumania.
- In some localities the people form long lines to obtain some meat bones. Reportedly, at present, meat rations are distributed only to blood donors.
- Them the workers do receive meat ration cards they often cannot afford to pay 60 lei for one kilogram of meat. When possible the workers sell their meat ration cards.
- The food trusts were or anized with the pretext of lowering the cost of living by taking business away from private enterprises. The food trust in the Targoviste area has a deficit of 15 million lei.
